Action: Michael Agius

- 3.1.9 1st September item 8.3.1. Clutter around the Village.

Further to clutter around the village there is the issue with the banners on the railings between the bottom of the High Street and Lower Schott. The banners remain there for long periods and as such are a traffic hazard as they can distract. If they were only put up for say 2 to 4 weeks that might be slightly more acceptable. ¹

Action: Peter Seaward & Michael Agius to consider what action to take.

There will be a check on the banners on the railings to monitor how long they have been there.

Action: Nick Forrer

The Kebab premises also need to be approached about the colourful shop front and the sign above which protrudes over the pavement. Particularly as the locality is in a Conservation Area.

Action: Cllr. Lucy Botting and the Conservation Team.

- 3.1.10 1st September item 8.3.2. "A" boards on village pavements making it hard to navigate around.

¹ This fly posting infringement can be reported to MVDC on the web at <http://www.molevalley.gov.uk/index.cfm?articleid=17455> where the location can be marked on a map and then this will be reviewed. You can also see a list of outstanding open cases if any.

3.1.12 1st September item 10.3. Commemoration Day. Suitable ways of commemorating this to be reported back at a later date.

Action: Jim Smith OBE

3.2 **New Matters**

3.3 There were no matters arising that were not elsewhere on the agenda.

4 **BRA Membership Fee and Funding**

It was noted that both the District and County Councils will be significantly impacted by the cuts to their government grant. This is compounded by the rising cost of funding Social Welfare by the Councils.

In the meantime we are active in planting trees in Bookham and monitoring their health. The question that we have to pose is whether we should ask the village to cover additional expenditure to supplant that which is being lost. For the moment the larger expenditures are being covered whereas the smaller outlays are not.

The BRA membership fee was increased from £1 to £2 per household in 2007. An extra £1 could raise some £3,000. If the money we received from the Council for Trees and also the Longman fees were chopped we would need to double the membership fee from £2 to £4.

As a general rule the cost of the community delivering activities from the lower level is always cheaper than from the county level.

Having two organisations (BRA/BCA) in the community causes confusion even though there is a lot of publicity as to what each does. The BCA is a registered company as well as a registered charity. The BRA visible presence is very limited compared to the BCA. Both organisation have considered combining in the past but the remit is so different that it is unlikely to work. The BCA charge £4 per household with an extra charge of £2 per additional person over two.

We need to check what the feeling is from the BCA for working together and in what areas.

Action: Peter Seaward to explore

Should there be a welcome pack for new residents in Bookham placed in the local estate agents for them to hand out?

5 **High Street Consultation and Plans**

There is no further information since the last meeting. An update will go into the newsletter to be circulated shortly. The proposed solution for the High Street is that there will be two tables and the length of the yellow lines reduced. This will result in an additional three parking spaces. For the Church Street the proposal is that there is a table near the post office to make the crossing of the road safer.

6 **BRA Questionnaire**

There was lively discussion on a circulated note about what a questionnaire should contain and the type of questions to ask.

The discussion ranged over:-

- What do we want to achieve?
- Do we give incentives for completing the questionnaire? Such as a prize.
- Should we circulate the questionnaire on paper but also accept electronic submission.
- Should all members in a household be allowed to fill in a questionnaire?
- Perhaps the collecting points in the village could have a additional spare questionnaires.
- Do we ask as to which age bracket somebody belongs?
- Do we want to identify who the person answering is and where they live?
- Should we supply a briefing in the questionnaire as to what the BRA, BCA and other local organisations do or would that be considered a leading question and distort the responses?

The meeting decided that a small sub-group should be formed with Nick Forrer, Ray Pritchard, David Cox and Les Huett.

9 Sub-Group Updates

9.1 Planning

Stan Miles reported that 14 planning applications had been received. Guildford Borough Council has made a change to their Green Belt plans. Their building on the Green Belt will have a significant impact on the local infrastructure and demand for services in Bookham.

9.2 Trees

Frances Fancourt gave an update on the vandalised trees. These trees were going to be replaced shortly.

The committee was asked to approve the purchase of another hanging basket for the High Street. This is to speed up the change from one hanging basket whose

flowers need replacing to a newly prepared basket. This will ensure tht a hanging basket will be always on display. The committee approved.

Those pupils living in the catchment area for the Howards of Effingham School will have priority for enrolment over those outside the catchment area.
