

Improving Healthcare

Together 2020-2030

NHS Surrey Downs, Sutton and Merton CCGs

Come to our events – share your views

The NHS in Surrey Downs, Sutton and Merton is looking at the challenges faced by Epsom and St Helier hospitals. We want to make sure they can continue to deliver high quality, safe and sustainable services for local people in the years ahead.

We have identified some potential solutions that we want to discuss with our local communities.

This is your chance to share your views and ideas.

How to get involved

Following a series of discussion events in July and August, we will be holding a second set of events in September where we want to work through some of the issues and solutions you've told us about together.

**Everyone is very welcome,
no need to register,
just come along.**

The events will be held on the following dates:

Wednesday 12th September: 7.00pm – 9.00pm

Sutton Masonic Hall, 9 Grove Road, Sutton, SM1 1BB
