Planning correspondence to S C F Miles,

20th June 2017

Dear Sir,

Location 4 Twelve Acre Close, Bookham Surrey KT233HF
Development Erect part two storey/part single storey extensions following
removal of garage
Planning Ref **MO/2017/0821**

The Bookhams Residents Association is concerned regarding this application which removes on-site garage parking without addressing the need to provide on-site parking capacity required by current Planning Policies

Based on current policies this 4 bedroom house requires 3 on-site parking places which do not show on any plans submitted. On-site parking places need to be shown as established standings with associated access and turning before any Decision should be made. An appropriate Condition should be set with any Decision made, that the parking spaces need to be established and defined with access and shown on the plan of the application .

Yours faithfully,

S C F Miles

Planning Sub Committee.

Cc Cllr Lucy Botting, Cllr John Chandler, Cllr Simon Edge, Cllr Metin Huseyin,
Cllr Paul Newman, Cllr Jatin Patel, SCC Cllr Clare Curran.
